

Better Earth
TEXTILE RECYCLING

Turn your unsold clothes into cash

Raise funds for your charitable thrift store and help the earth and people worldwide.

Better Earth Textile Recycling, Inc. (BETR) will buy your store's excess or seasonal new and used clothing. We will come to your store or shop on a regular basis and will assist in the loading of bags and/or boxes onto the BETR truck. We weigh your clothing at our 10,000-square-foot facility and send you a check. It's that simple.

BETR then exports your clothing to destinations worldwide where the need for them is great. Our efforts help reduce a portion of the 26 billion lbs. of textile waste being added to America's landfills every year. We also support local and global economies by generating revenue and creating green jobs at home and abroad.

Call Tim at BETR at 414-716-5755 to learn more.
